

## PUBLIC LANDS & CONSERVANCY

Improving lives by: working together to preserve our natural resources and support local parks and recreation.

### AT A GLANCE

#### Our Support Includes

- Providing sustaining support for outdoor recreation resources in our communities
- Volunteer support with current or former Team Members involved with all of the beneficiaries listed
- Improved opportunities for outdoor recreation for our Team Members, their families, and our neighbors

### WHAT THEY ARE SAYING

"Each week the Shawnee Sports Complex welcomes thousands of athletes, parents, coaches, and officials from all over the United States. Shawnee's success is possible because of partners like Greylock Energy. We are grateful for Greylock's investment in our children and our community"

**Ben Salango**

COMMISSIONER | KANAWHA CO., WV

### OVERVIEW

At Greylock, we know that parks and forests are important for outdoor recreation and personal wellness. But, they also help protect ecosystems, provide habitats for wildlife, and conserve our natural resources. That is why each year we support foundations and organizations that work to protect and sustain our outdoor resources.

### IMPROVING LIVES

#### Shawnee Park Foundation

For several years, Greylock has sponsored the Shawnee Park Foundation, which is home to the Shawnee Sports Complex, a premier, regional sports complex promoting safety, self-esteem, and sportsmanship through healthy and engaging athletics.

#### Kanawha State Forest Foundation

Greylock underwrote the cost of educational and informational signage to be installed in Kanawha State Forest. The signs provide facts about the Appalachian Mountains, geology of the area, and the natural resources that can be found in the forest and throughout the region.

#### Ken Ellis Memorial Park

Greylock has provided funding to fully stock the park's lake with fish in advance of a children's fishing tournament. In addition, the company has provided funding to help the local park purchase needed equipment and provide services to the local community.

#### The Nature Conservancy

For several years, Greylock has been a member of The Nature Conservancy in West Virginia's "Corporate Council". In addition, our CEO is an active member of the organization's Board of Trustees.
